Re: Re-Scheduling of anti-IEBC Protests for 26th September 2017

Due to unavoidable circumstances, Hon. Raila Amollo Odinga will not be able to attend the planned mass action called against IEBC at Anniversary Towers due in part to a scheduling mishap on his committee's part. Currently, Hon. Raila is responding to a personal security issue and will be free to attend the demos as soon as his security team advises it is safe to do so.

We advise that you communicate with your various teams that a new date for the protests shall be communicated at an appropriate time. We urge that you request your supporters to shy away from the demos at Anniversary Towers.
